

Theme: The Expanding Roles of Female Neuroscientists in the 21st Century

PAP Rashidah Sa'adatulk Bolkihah, Institute of Health Sciences,
Universiti Brunei Darussalam
October 10th – 11th 2011

The aim of this symposium is to enhance awareness in the region about women's contribution in the field of science and technology and to improve career development, mentoring and networking opportunities.

ASEAN region is rapidly closing the gap with the developing countries in the areas of research and education especially in neurosciences. Bruneian women as part of the larger ASEAN region are keeping abreast with innovative and novel approaches in the fields of science and education.

This symposium will provide a platform to bring together professionals and students from the globe who are working in the different areas of neurosciences. This will be a two-day symposium which will provide first-hand knowledge from experts. The key note speakers are invited from Malaysia, Japan and Germany.

This symposium is in accordance with the vision and mission of Universiti Brunei Darussalam in promoting and supporting a strong culture in research and development.

We invite all professionals to submit their abstracts before 1st August 2011.
